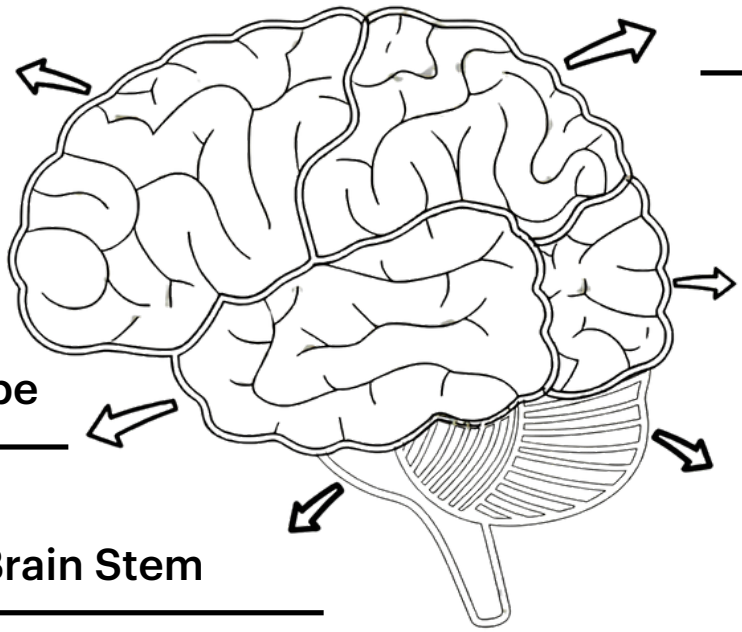
SECTION 2: THE HARDWARE MAP (30 POINTS)

Identify and label these six parts on the brain diagram.
Each correct label is worth 5 points.

PARTS OF THE HUMAN BRAIN

Frontal Lobe _____

Parietal Lobe _____



Occipital Lobe _____

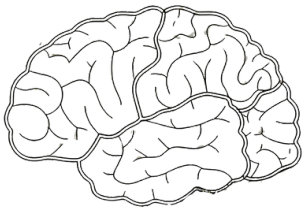
Temporal Lobe _____

Cerebellum _____

Brain Stem _____

SECTION 3: STRUCTURAL LOGIC (10 POINTS)

This final synthesis question is worth 10 points.



The _____Cerebrum_____ is like the Boss & Feeling Center. It is the biggest part of your brain, kind of like a big office building with four different rooms: The Frontal Lobe, Temporal Lobe, Parietal Lobe, and the Occipital Lobe.

Note

Be sure to understand the difference between the Cerebrum and Cerebellum. The two are very similar in spelling, however their definitions are entirely different.
